

Announcement of the Publication of the Joint IAF-OIML Assessment Procedure in the Field of Legal Metrology

This serves to announce the publication of the Joint IAF-OIML Assessment Procedure in the Field of Legal Metrology. The purpose of this document is to implement the provisions of the IAF-ILAC-OIML Memorandum of Understanding, related to the assessment of Issuing Authorities in the framework of the International Organisation of Legal Metrology - Certification System (OIML-CS). This document specifies in particular the requirements for the competence of the assessment team, and the reference documents which define the requirements to be assessed.

The published document is available from the IAF website
[Joint IAF-OIML Assessment Procedure in the Field of Legal Metrology](#)
under Publications/Documents for General Information

The document was prepared by the IAF-OIML liaison officers under the supervision of the IAF WG Product (ISO/IEC 17065).
